F. Reports

1. Staff Reports

i. Police Chief Report

Included in agenda items.

ii. Fire Chief Report

No Report at this time.

iii. Parks and Recreation

Councilmember Karnofski encouraged those who were interested to attend the Parks and Rec meeting on August 11, 2015 at the Fire Station, 6pm. She said that donations are coming in for the City Park renovation, she thanked Councilmember Forner for making his donation. Karnofski also mentioned that The Pickled Fish featured a "Parks and Rec" cocktail where 50% of the proceeds went to the match for the park improvements. She is working with other local vendors to hopefully get more donations.

2. Council Reports

- i. Councilmember Jensen noticed that Black Lake water level is still decreasing, he mentioned that the sprinklers were active right at the time of the meeting. The Mayor stated that he would once again talk to the School District and remind them of the current low water levels.
- ii. Councilmember Karnofski added onto the Parks and Recreation report by stating that artist Don Nisbett was going to donate artwork towards the City Park project as well.
- iii. Councilmember Marshall reported that he met with the City Treasurer to go over cash reserve reporting and he also attended the exit audit conference last Friday.
- iv. Councilmember Chambreau asked Councilmember Karnofski who to make a donation check out to for the City Park renovation.
- v. Councilmember Forner also attended the exit audit conference last Friday.

3. Mayor's Report

i. Mayor Cassinelli mentioned that he had a letter from Kay Harrison who was interested in the open seat on the Planning Commission, with council's approval he would like to swear her in at the next Council meeting. He also mentioned the City had a clean audit for the 2014 financial audit, the 2012, 2013 & 2014 accountability audit and the single federal audit.

G. Comments of Citizens and Guests Present

1. None.

H. Business

1. Burglar & Fire Alarm Systems Ordinance

There was discussion on whether or not Chief Wrights' comments had been incorporated into the ordinance. It was decided that Section 10 referring to appeals would be revised to reflect the newly adopted enforcement chapter, 11.

ACTION: Leave as business for the next meeting.

2. Water Treatment Plant Improvements Project Close out

ACTION: Motion to accept the Water Treatment Plant Improvements project as complete upon receipt of the final affidavit and authorize the Mayor to execute the Final Contract Voucher Certificate and proceed with the close out process. (Forner/Chambreau) 5 Ayes 0 Nays 0 Abstain

I. Discussion

1. Ordinance Defining the Duties of the City Clerk and City Treasurer

There were questions pertaining to whether or not the ordinance would reflect duties outlined in the job descriptions. Discussion continued about the RCW's referenced within the ordinance, more clarification was requested. The Treasurer was asked to come back with some revisions to the ordinance. ACTION: Leave as discussion for the next meeting.

2. Water Treatment Plant Improvements Project Close out

Councilmember Forner presented this item, stating that with the close out process initiated the City could request the retainage.

ACTION: Move to business at this meeting (Forner/Chambreau) 5 Ayes 0 Nays 0 Abstain.

3. Department of Health Contract Amendment - Watershed Grant

The Mayor presented this item stating that DOH sent this amendment over for approval, the only change would be the addition of attachment IV which is an explanation of the grant elements. The Mayor also stated that this item isn't time sensitive. **ACTION:**Move to business at the next meeting.

4. Transportation Improvement Board (TIB) Grant Applications

Councilmember Forner presented this item, describing that Chris Workman from TIB came down to Ilwaco and evaluated potential projects. The two that he thought would score the highest based on criteria set forth by TIB were two overlay projects, Lake Street and Howerton Ave SE. There were many questions as to why those streets were chosen over others. Discussion ensued over this topic, the council asked for more information regarding project criteria. **ACTION:** Leave as discussion for the next meeting.

CITY OF ILWACO SPECIAL CITY COUNCIL MEETING Wednesday, August 19, 2015

A. Call to Order

1. Mayor Cassinelli called the meeting to order at 4:02 p.m.

B. Roll Call

1. Present: Mayor Cassinelli and Councilmembers Jensen, Chambreau, and Forner. Absent Councilmembers Marshall and Karnofski.

C. Approval of Agenda

ACTION: Motion to approve the agenda. (Forner/Chambreau) 3 Ayes 0 Nays 0 Abstain.

D. Business

1. Transportation Improvement Board (TIB) Grant Applications

Councilmember Jensen reiterated that he would like to see the G&O fee reduced or at least reevaluated. He also would like to have clarification and justification for the ADA additions.

ACTION: Motion to authorize the Mayor to submit grant applications to the Transportation Improvement Board for the overlay projects: Lake Street and Howerton Ave SE. (Forner/Chambreau) 3 Ayes 0 Nays 0 Abstain

E. Discussion

1. Transportation Improvement Board (TIB) Grant Applications

Councilmember Jensen mentioned that he thought that the engineering fee for G&O was high and that cost should be reevaluated. He also mentioned that most of the wear on Howerton was on one side of the road, and related that to the poor original construction. Discussion ensued on where the road wear was located, even that the Transit Board was possibly going to contribute to have the overlay extended past the transit stop. Councilmember Jensen also questioned the ADA additions that were included in this project. He wanted clarification on those recommendations. The Mayor mentioned that he had talked to the Port and they were willing to come in with half the match for the Howerton project, if the City were to be awarded. Other discussion continued.

ACTION: Motion to move to business at this meeting. (Forner/Chambreau) 3 Ayes 0 Nays 0 Abstain

F. Adjournment

1. Motion to adjourn the meeting (Forner) Mayor Cassinelli adjourned the meeting at 4:22 p.m.

TREASURER'S REPORT Month ending July 31, 2015

During mid-July the 2014 financial statement audit, three year accountability and audit single audit on federal expenditures began. The audit was completed during the first week of August and the exit conference occurred on August 7th. There were no finding or management letters, just some recommendations on internal processes.

The following is the budget process schedule:

Friday, June 19th Request to managers to develop estimates

Friday, August 14th Last day for managers to provide estimates to Treasurer

Tuesday, September 1st Mayor and Treasurer go over budget proposals

Sept 2nd thru 16th Mayor to meet with managers Monday, September 21st Council Budget Workshop Monday, October 12th Council Budget Workshop

Monday, October 26th Council Budget Workshop/Public Hearing #1

Monday, November 23rd Public Hearing #2

Monday, December 7th Final Council Budget Workshop/First reading of Ordinance

Monday, December 21st Budget Ordinance adopted

At this time, workshops are planned to be held prior to council meetings. During the first workshop a drafted budget will be provided, overview of the city's cash position, and salaries and benefits proposal. Questions should be forwarded to the treasurer to ensure they are addressed at the ensuing workshops. Additional workshops will be held to review each fund in greater detail and address questions, as needed.

Overall operational activities for 2015 are on track with budget with the exception of sewer revenues which appear to be closing the gap as anticipated. Additionally, the closeout process for the upflow clarifier project has initiated. TIB grant applications should be submitted within the month of August in the hopes of improving both Lake St and Howerton Way. We are awaiting to here if the DWSRF loan application has been approved for the design/engineering work on the Sahalee water lines. The Parks and Recreation Commission continue to gather match for the RCO grant to improve City Park. There are many exciting improvements that look to be on the horizon.

At the end of July 2013, the total cash held by all city funds was \$894,030. At the end of July 2014 it was \$1,211,342, and at the end of July 2015 it was \$1,105,196. The difference between 2014 and 2015 lies in the fact that during July 2014 the Elizabeth St project was in full swing and the increase in funds is due to grant money waiting to be dispersed. Overall the increase in funds can certainly be considered as an indicator of the attention that has been given to building reserves. By providing for future equipment and repair needs, the city should be able to maintain and replace equipment proactively versus waiting until it is an emergency.

CITY OF ILWACO ORDINANCE NO. XXX

AN ORDINANCE OF THE CITY OF ILWACO, WASHINGTON, ESTABLISHING A FALSE ALARM FEE STRUCTURE AND ESTABLISHING AN EFFECTIVE DATE.

WHEREAS, false alarms are costly and waste valuable police and fire resources;

NOW, THEREFORE, THE CITY COUNCIL OF THE CITY OF ILWACO, WASHINGTON, DOES ORDAIN AS FOLLOWS:

Section 1. Chapter 9 shall be amended to add the following provision as Section 9.01:

BURGLAR AND FIRE ALARM SYSTEMS

Section 1	Purpose.
Section 2	Definitions.
Section 3	Emergency response card.
Section 4	False alarms.
Section 5	Ownership and maintenance.
Section 6	Tampering with fire and/or burglar alarm systems.
Section 7	Work on auxiliary systems – Notice.
Section 8	Automatic calling devices prohibited.
Section 9	Administrative decisions, notice.
Section 10	Appeal from administrative decision, finality.
Section 11	Private agencies.
Section 12	Violation – Penalties.

Section 1 Purpose.

It is the intent of this chapter to reduce the number of false alarms occurring within the city and resultant waste of city resources by providing for corrective administrative action, including fees and criminal penalties.

Section 2 Definitions.

- 1) "Authorized service personnel" means those persons who, by reason of their experience, trade or occupation, have met the minimum state requirements for serving such alarm systems and who are licensed by the state of Washington to work on an alarm system.
- 2) "Burglar alarm" means, for purposes of this chapter, the transmission of an alarm by automatic alarm systems and circuits leading to the connection with Pacific County Communication or any component part thereof for the purpose of summoning the police department when a burglary or emergency is occurring.
- 3) "Densely populated structures" means multi-family dwellings, schools, hospitals and similar structures.

Ordinance XXX Page 1 of 5

- 4) "False alarm" means:
 - (a) The activation of a burglar and/or a robbery alarm for the purposes of summoning the police at a time when no burglary or robbery is being committed or attempted on the premises; or
 - (b) The activation of a fire alarm, or any other alert to authorities, for the purposes of summoning the fire department at a time when no fire or emergency is occurring.
 - (c) The activation of a fire alarm caused by defective or improperly maintained equipment for the purpose of summoning the fire department at a time when no fire or emergency is occurring.
- 5) "Fire alarm" means, for the purposes of this chapter, the transmission of an alarm by automatic alarm systems, circuits, <u>and/or telephones</u> leading to the connection with Pacific County Communication or any component part thereof for the purpose of summoning the fire department when a fire or emergency is occurring.
- 6) "Person" means any natural person, firm, partnership, corporation or unincorporated association.
- 7) "Premises" means any building, structure, enclosure, real property or vehicle.

Section 3 Emergency response card.

It is unlawful to have or maintain on any premises a burglary and/or robbery alarm or fire alarm unless there is on file with the police department an emergency response card containing no more than (3) three names and current phone numbers of persons authorized to enter the premises if summoned. Names and phone numbers shall be provided in writing to the Long Beach police department.

Section 4 False alarms.

- (1) Police. Each and every burglary alarm <u>system</u> requiring a response within the City of Ilwaco shall be allowed two <u>automatic</u> false alarms during any calendar year. Thereafter, false alarms shall be assessed a fee as follows: 3rd False alarm in the calendar year \$50.00, 4th False Alarm in the calendar year \$100.00, 5th and subsequent alarms in the calendar year \$200.00.
- (2) Fire. Each and every false alarm requiring a response within the City of Ilwaco shall be allowed one false alarm during any 30-day period. Thereafter, false alarms in said 30-day period shall be assessed a fee as follows: 2nd False alarm in the calendar year \$50.00, 3rd False Alarm in the calendar year \$100.00, 4th and subsequent alarms in the calendar year \$200.00.
- (3) The City shall maintain a formal database of false alarms, accessible by address, for the purpose of assuring there is a record supporting Section 4 (1) and (2).

(4) Audible Alarm. Any alarm audible upon abutting property for a period in excess of 20 minutes is declared to be a public nuisance.

Section 5 Ownership and maintenance.

Ownership and maintenance of alarm systems, circuits leading to the connection with Pacific County Communications, or any component parts thereof, except as herein provided, shall remain and be the responsibility of the person owning or leasing the property.

Section 6 Tampering with fire and/or burglar alarm systems.

- (1) Tampering. It shall be unlawful for any person to tamper with or to wantonly cut, break, deface, or actuate any alarm device (including auxiliary alarm devices, wires or wire supports, or appurtenances thereto), or intentionally to transmit an alarm knowing no emergency exists.
- (2) Exception. Subsection (1) of this section shall not apply to city employees in the police division or fire department engaged in their official duties.
- (3) Exception Manufacturer's Representatives. Subsection (1) of this section shall not apply to any competent representative of a manufacturer of burglar alarm equipment or fire alarm equipment who, with the consent of the chief of police or fire chief, is modifying, adjusting, altering, repairing, or replacing the system or any of its component equipment.
- (4) Exception Insurance Rating Engineer. Subsection (1) of this section shall not apply to any competent insurance rating engineer who is testing the system in discharge of his duties and with permission of the chief of police or fire chief.

Section 7 Work on auxiliary systems - Notice.

Any person doing any work on an auxiliary alarm system that may cause a signal to be transmitted over the city system shall notify the chief of police or fire chief before doing such work, stating the time and place thereof.

Section 8 Automatic calling devices prohibited.

No person shall use or operate, or attempt to use or operate, or cause to be used or operated, or arrange, adjust, program, or otherwise provide or install any device or combination of devices that will, upon activation, either mechanically, electronically, or by other automatic means, initiate a telephonic or recorded message to any telephone number assigned, or any additional telephone numbers assigned, to any rotary telephone system of the City of Ilwaco including, but not limited to, the city of Long Beach police department or fire department.

Section 9 Administrative decisions, notice.

Notice of imposition of any administrative sanction, including the imposition of a fee or order of disconnection, under the provisions of this chapter, shall be given to the person having or maintaining a burglary, robbery and/or fire alarm on premises owned or occupied by him, providing that with respect to business premises, the owner, manager, or chief administrative agent regularly assigned and employed on the premises at the time of the occurrence of a false alarm shall be presumed to be the person having or maintaining said alarm on said business premises.

Section 10 Appeal from administrative decision, finality.

Any person subject to the imposition of a fee, order of disconnection or other administrative sanction under the terms of this chapter, shall have a right of appeal therefrom to a hearings officer for the City of Ilwaco, pursuant to the process established in Title 11, Chapter 4. Unless a written notice of appeal is filed with the city clerk within 14 days of receipt of notice of imposition of administrative sanction, said sanction is deemed to be final.

Section 11 Private agencies.

Any private agency, business or other entity monitoring fire, burglary or robbery alarm systems within the corporate limits of the City of Ilwaco shall notify Pacific County Communications, as the case may be, immediately upon receiving an alarm. All other notifications shall be secondary. Any private agency, business or other entity making a vehicular response to an alarm shall not display emergency lighting or otherwise disregard any traffic signals, speed restrictions or other laws in responding to said alarm.

Section 12 Densely Populated Structures

Densely populated structures which can generate inordinate numbers of unintentional alarms which are not within the definition of "false alarms" otherwise remain subject to the provisions of this Chapter; provided however that the Police Chief or Fire Chief may waive the count of any such alarms as deemed appropriate.

Section 123 Violation – Penalties.

Any person who willfully fails refuses to pay the amount of any citation within 30 days from the date of issuance or, if appealed, 30 days after the decision of the City of Ilwaco hearings officer shall be guilty of cited with a misdemeanor and which shall be punished by not more than 90 days in jail and by a fine of not more than \$300 or both such incarceration and fine.

<u>Section 2.</u> Title 11, section 11.04.020 is amended to include Code Section 9.01 Burglar and Fire Alarm Systems.

<u>Section 3.</u> Severability. If any section, subsection, paragraph, sentence, clause or phrase of this ordinance is declared unconstitutional or invalid for any reason, such decision shall not affect the validity of the remaining parts of this ordinance.

<u>Section 4.</u> Referendum and Effective Date. This Ordinance, being an exercise of a power specifically delegated to the city legislative body, is not subject to referendum, and shall take effect and is in full force five (5) days after its passage, approval and publication of an approved summary of the title as provided by law.

В.	Issue/Topic: Department of Health Contract Amendment – Watershed Grant
C.	Sponsor(s): 1. Cassinelli 2.
D.	Background (overview of why issue is before council): 1. In June of 2014, the City of Ilwaco was awarded a grant from the Department of Health of \$15,000 to help improve the management process of the Indian Creek. This work has been completed by Garrett Phillips at CREST, and the council has passed the Watershed Source Plan pending comments from DOH.
E.	Discussion (specific details relevant to the issue, pros/cons, alternatives and any other decision-making details) 1. This amendment is to add the attachment IV, which is an explanation of the grant elements. It lists the general information about the grant, what steps have been completed and what is left. This amendment doesn't affect the funds or the grant period, it is just purely informational.

City treasurer — Miscellaneous authority and duties.

In addition to authority granted and duties imposed upon code city treasurers by this title, code city treasurers, or the officers designated by charter or ordinance to perform the duties of a treasurer, shall have the duties and the authority to perform the following: (1) As provided in RCW 8.12.500 relating to bonds and compensation payments in eminent domain proceedings; (2) as provided in RCW 68.52.050 relating to cemetery improvement funds; (3) as provided in RCW 41.28.080 relating to custody of employees' retirement funds; (4) as provided in RCW 47.08.100 relating to the use of city street funds; (5) as provided in RCW 46.68.080 relating to motor vehicle funds; (6) as provided in RCW 41.16.020 and chapter 41.20 RCW relating to police and firefighters' relief and pension boards; (7) as provided in chapter 42.20 RCW relating to misappropriation of funds; and (8) as provided in chapter 39.60 RCW relating to investment of municipal funds. The treasurer shall be subject to the penalties imposed for the violation of any of such provisions. Where a provision of this title, or the general law, names the city treasurer as an officer of a board or other body, or assigns duties to a city treasurer, such position shall be filled, or such duties performed, by the officer of a code city who is performing the duties usually performed by a city treasurer, although he or she may not have that designation.

Municipal corporations and political subdivisions — Claims against for contractual purposes — Auditing and payment — Forms — Authentication and certification.

- (1) All claims presented against any county, city, district or other municipal corporation or political subdivision by persons furnishing materials, rendering services or performing labor, or for any other contractual purpose, shall be audited, before payment, by an auditing officer elected or appointed pursuant to statute or, in the absence of statute, an appropriate charter provision, ordinance or resolution of the municipal corporation or political subdivision. Such claims shall be prepared for audit and payment on a form and in the manner prescribed by the state auditor. The form shall provide for the authentication and certification by such auditing officer that the materials have been furnished, the services rendered, the labor performed as described, or that any advance payment is due and payable pursuant to a contract or is available as an option for full or partial fulfillment of a contractual obligation, and that the claim is a just, due and unpaid obligation against the municipal corporation or political subdivision. No claim shall be paid without such authentication and certification.
- (2) Certification as to claims of officers and employees of a county, city, district or other municipal corporation or political subdivision, for services rendered, shall be made by the person charged with preparing and submitting vouchers for payment of services. He or she shall certify that the claim is just, true and unpaid, and that certification shall be part of the voucher.

2.08.020 Qualifications.

2.08.030 Duties.

2.08.010 Appointment of city clerk-treasurer.

The mayor shall appoint, subject to confirmation by a majority of the city council, a person to serve as city clerk-treasurer. (Ord. 623 § 1, 1998)

2.08.020 Qualifications.

All appointments of city clerk-treasurer shall be made on the basis of ability and training or experience of the appointees in duties they are to perform. (Ord. 623 § 2, 1998)

2.08.030 Duties.

- A. The city clerk-treasurer shall have all of the powers and shall perform each of the duties specified by Title <u>35A</u> RCW for city clerks and treasurers, together with any other duties or authority which may be conferred upon such office by the laws of the state or the ordinances of the city, as now or hereinafter amended.
- B. In addition to the authority prescribed by the Revised Code of Washington, the city clerk-treasurer shall have the duties and primary authority to perform the following:
 - 1. Determine what funds are available in any fund of the city for investments;
 - 2. Invest the funds of the city in such manner as to provide for timely payment of claims, expenses and other expenditures authorized by the city council;
 - 3. Receive and safely keep all money belonging to the city from whatever source devised;
 - 4. Place all funds received to the credit of the different funds to which it belongs in a book kept for that purpose;
 - 5. Certify availability of funds as cited for each warrant prepared, prior to submission to the council for approval;
 - 6. Submit to the council recommendations and rationale for transfer of funds to effect payment of legitimate billings for which revenues have not been received, or for which adequate funds have not been budgeted;
 - 7. Provide a summary of all investments and investment transactions quarterly to the city council;
 - 8. Provide the mayor and city council, for the first council meeting each month, a statement of all moneys received and expended by fund number and title;

- 9. Provide the mayor, semiannually, a list of established payment schedules and deadlines, which require preparation of specific documents to effect payment;
- 10. Report to the city council at the first regular meeting of each month the condition of the city treasury, bringing to light any significant or potentially significant financial problem;
- 11. Disburse the funds of the city by direction of the city council as authorized by law;
- 12. Keep records of all ordinances and other official documents of the city;
- 13. Publication of official notices;
- 14. Recording of minutes of city council meetings;
- 15. Preparation of various periodic reports, and type permits, letters, memos and reports;
- 16. Such other duties as may be assigned by the city council from time to time by notice or resolution. (Ord. 623 § 3, 1998)

Exchange Online Plan for email services.

You have plenty of space for email; it's site bandwidth that bumped you over to the next hosting plan. You have room to add mail boxes. The issue we have currently is that I can't make any one box hold more than 1024 MB. It's the limit on "courtesy email accounts" which are what we offer as part of your hosting plan.

It's totally up to you how long any particular piece of mail stays in the box; the server just looks at capacity.

For the boxes that are getting full, you have a couple of choices. Assuming you need to save everything, you can free up space by archiving old mail on your local drive. If you really want to be able to store all of it on the mail server, I recommend making the switch to Google for Business or Office 365. Both offer professional class email that can accommodate most any need you have.

Google for Business essentially gives you a gmail box tied to your domain: a gmail box with an @ilwacowa.gov address. Office 365 does the same thing, but using Outlook online, which recently replaced hotmail and msn.com email. They're both great and cost is about the same for both. It comes down to which has an interface that is a better fit for the people in your organization. I've found that PC people are divided in liking both while Mac people strongly prefer the Google product. Go figure. Don't quote me on cost but the last time I costed them out, in rough terms, they were both about \$50 per box per year.

Office 365 offers some free accounts to non-profits; I'm using one for the animal shelter. I don't know if they are available only to NGOs or if cities are also eligible. I found out about them on <u>techsoup.org</u>.

Records Management Advice

Issued: August 2015

Electronic Records Management: Keep Electronic Records in Electronic Format

Purpose: Provide guidance to state agencies and local government entities on the retention of electronic records in electronic format.

Do I have to print out my records for retention purposes?

NO – If the records are already in electronic format (such as emails, electronic calendars, database records, etc.) then the records need to be retained in electronic format.

Do <u>not</u> print out electronic records and then delete the electronic version as a means of retaining the records.

Preservation of Electronic Records (WAC 434-662-040) states in part:

"Electronic records must be retained in electronic format and remain usable, searchable, retrievable and authentic for the length of the designated retention period. Printing and retaining a hard copy is not a substitute for the electronic version unless approved by the applicable records committee."

Why printing out electronic records doesn't work

While the retention and preservation of paper records can be simpler than retaining and preserving electronic records, the retention of a printout of an electronic record doesn't work because:

- Metadata is lost. Most metadata is not captured in the printing out of electronic records.
 The electronic record's metadata is an integral part of the record as it helps prove its
 authenticity.
- Usability is reduced. The ability to search and use the record is reduced when it is
 printed out. It is far easier to search through thousands of emails in electronic format than
 trying to do the same when they are printed out.

Do electronic records need to be kept in their native format?

NO – In fact, in order to preserve electronic records, especially over time, it may be necessary to migrate records to formats better suited for retention and preservation.

However, it is important that any data migration to another electronic format preserves the necessary metadata needed to prove the record's authenticity.

Concierge Services. Need help installing a plug-in? Figuring out how to connect Google to your domain-based email account? Maybe you want to manage a forum but don't want to install it yourself. Just call. If your request is appropriate to the level of hosting account you've purchased, we'll take care of it for you. If it's "above and beyond" for your hosting account, we'll determine whether you need to upgrade accounts or just incur a small bill for the extra service. In either event, the call to find out what's involved is always free of charge.					
Domain Management Services. Many of our customers prefer we manage their domains and renewals on their behalf so they can trust that we are taking care of their site and they don't need to keep track of everything on their own. This is smart if you're concerned you fear transferring your domain away by responding to a fake renewal bill, or if you might not renew your domain on time. The cost of fixing these mistakes just isn't worth it. We provide domain management service at no extra cost to our hosting customers (domain renewal fees are separate).

Holly,

Thank you for your email query dated August 11, 2015 seeking guidance on the retention of email for the City of Ilwaco.

The retention of emails, as with all formats of public records, is governed by <u>chapter 40.14 RCW</u>, especially <u>RCW 40.14.070</u>, and <u>chapter 434-662 WAC</u>.

It is important to understand that there is no single retention period for emails. The retention period for public records depends on the *function* and *content* of the record, not its format or method of transmission. How long emails need to be kept depends of the agency's business, legal and accountability needs to retain the evidence of the transaction that is documented in the email. Like public records in any format, some only need to be kept for a very short time, some need to be kept a little longer, and some will be "Archival" and kept forever.

The questions to ask to determine the function/content of emails are:

- 1. What is the email about? (content)
- 2. Why was it sent and for what purpose? (function)

The retention based on the function and content can be found in the records retention schedules. These schedules set out the minimum required retention periods and grant permission to either destroy or transfer the records at the end of that period. The current approved records retention schedules that apply to the City of Ilwaco are available from Washington State Archives' website at:

http://www.sos.wa.gov/archives/RecordsManagement/Records-Retention-Schedules-for-Cities-and-Towns.aspx

Simply keeping all emails is not the answer either. Storing every email is not the same as managing public records created and/or received as emails. Such a strategy is unlikely to be sustainable in the long run, will make it harder to locate the public records that do need to be retained and may not be the most efficient use of agency resources.

Washington State Archives also has a couple of recorded webinars which make be of assistance as well:

- 1. Email Management
- 2. Retention Schedules "Demystified"

I trust this advice has been of assistance to you. Please let me know if you have any further questions.

Kind regards, Russell

Destruction, disposition, donation of local government records — Preservation for historical interest — Local records committee, duties — Record retention schedules — Sealed records.

- (1)(a) County, municipal, and other local government agencies may request authority to destroy noncurrent public records having no further administrative or legal value by submitting to the division of archives and records management lists of such records on forms prepared by the division. The archivist, a representative appointed by the state auditor, and a representative appointed by the attorney general shall constitute a committee, known as the local records committee, which shall review such lists and which may veto the destruction of any or all items contained therein.
- (b) A local government agency, as an alternative to submitting lists, may elect to establish a records control program based on recurring disposition schedules recommended by the agency to the local records committee. The schedules are to be submitted on forms provided by the division of archives and records management to the local records committee, which may either veto, approve, or amend the schedule. Approval of such schedule or amended schedule shall be by unanimous vote of the local records committee. Upon such approval, the schedule shall constitute authority for the local government agency to destroy the records listed thereon, after the required retention period, on a recurring basis until the schedule is either amended or revised by the committee.
- (2)(a) Except as otherwise provided by law, no public records shall be destroyed until approved for destruction by the local records committee. Official public records shall not be destroyed unless:
 - (i) The records are six or more years old;
- (ii) The department of origin of the records has made a satisfactory showing to the state records committee that the retention of the records for a minimum of six years is both unnecessary and uneconomical, particularly where lesser federal retention periods for records generated by the state under federal programs have been established; or
- (iii) The originals of official public records less than six years old have been copied or reproduced by any photographic, photostatic, microfilm, miniature photographic, or other process approved by the state archivist which accurately reproduces or forms a durable medium for so reproducing the original.

An automatic reduction of retention periods from seven to six years for official public records on record retention schedules existing on June 10, 1982, shall not be made, but the same shall be reviewed individually by the local records committee for approval or disapproval of the change to a retention period of six years.

The state archivist may furnish appropriate information, suggestions, and guidelines to local government agencies for their assistance in the preparation of lists and schedules or any other matter relating to the retention, preservation, or destruction of records under this chapter. The local records committee may adopt appropriate regulations establishing procedures to be followed in such matters.

Records of county, municipal, or other local government agencies, designated by the archivist as of primarily historical interest, may be transferred to a recognized depository agency.

(b)(i) Records of investigative reports prepared by any state, county, municipal, or other law enforcement agency pertaining to sex offenders contained in chapter <u>9A.44</u> RCW or sexually violent offenses as defined in RCW <u>71.09.020</u> that are not required in the current operation of the law enforcement agency or for pending judicial proceedings shall, following the expiration of the applicable schedule of the law enforcement agency's retention of the records, be transferred to the Washington association of sheriffs and police chiefs for permanent electronic retention and retrieval. Upon electronic retention of any document, the association shall be permitted to destroy the paper copy

of the document.

- (ii) Any sealed record transferred to the Washington association of sheriffs and police chiefs for permanent electronic retention and retrieval, including records sealed after transfer, shall be electronically retained in such a way that the record is clearly marked as sealed.
- (iii) The Washington association of sheriffs and police chiefs shall be permitted to destroy both the paper copy and electronic record of any offender verified as deceased.
- (c) Any record transferred to the Washington association of sheriffs and police chiefs pursuant to (b) of this subsection shall be deemed to no longer constitute a public record pursuant to RCW 42.56.010 and shall be exempt from public disclosure. Such records shall be disseminated only to criminal justice agencies as defined in RCW 10.97.030 for the purpose of determining if a sex offender met the criteria of a sexually violent predator as defined in chapter 71.09 RCW and the end-of-sentence review committee as defined by RCW 72.09.345 for the purpose of fulfilling its duties under RCW 71.09.025 and 9.95.420.

Electronic records marked as sealed shall only be accessible by criminal justice agencies as defined in RCW 10.97.030 who would otherwise have access to a sealed paper copy of the document, the end-of-sentence review committee as defined by RCW72.09.345 for the purpose of fulfilling its duties under RCW 71.09.025 and 9.95.420, and the system administrator for the purposes of system administration and maintenance.

(3) Except as otherwise provided by law, county, municipal, and other local government agencies may, as an alternative to destroying noncurrent public records having no further administrative or legal value, donate the public records to the state library, local library, historical society, genealogical society, or similar society or organization.

Public records may not be donated under this subsection unless:

- (a) The records are seventy years old or more;
- (b) The local records committee has approved the destruction of the public records; and
- (c) The state archivist has determined that the public records have no historic interest.

B. Issue/Topic:

City of Ilwaco Back Billing Policy

C. Sponsor(s):

1. Marshall

2.

- D. Background (overview of why issue is before council):
 - For a variety of reasons, utility billing can include errors. These errors may be 1. due to the wrong rates being applied, failure to bill at all or overbilling. All of these are common issues with utilities.
 - 2. The City of Ilwaco has encountered billing errors.
 - 3. The City of Ilwaco has no Council-established policy for dealing with billing errors.
- E. Discussion (specific details relevant to the issue, pros/cons, alternatives and any other decision-making details):

In view of the financial resources of the City vs. our utility customers, it appears appropriate to refund any overbilled / overpaid amounts as soon as they are found. But there's no policy for this. The State of Washington RCW limits the reach back period to 6 years:

RCW 4.16.040 Actions limited to six years.

The following actions shall be commenced within six years:

(2) an action upon an account receivable. For purposes of this section, an account receivable is any obligation for payment incurred in the ordinary course of the claimant's business or profession, whether arising from one or more transactions and whether or not earned by performance.

The purpose of RCW 4.16.040 appears to focus on other matters but nonetheless. "MRSC takes the position that the six-year statute of limitation for actions upon an account receivable in RCW 4.16.040(2) would apply to underpayment of a utility bill" -[and apparently this would apply either for a business or a residence].

Note that the RCW and MRSC opinion is about a *limitation* on City action to 6 years. The City may establish a limit up to and not exceeding 6 years.

Utilities across the country, in states with the same 6-year statute of limitations, use a shorter period such as 1 to 2 years.

Utilities across the country generally do not charge interest or penalties on amounts payable due to billing errors and generally extend payment plans.

It may be argued that errors for years past have been reflected in the budgets.

It may be argued that errors for years past are still errors that need to be made right.

It may be argued that errors are the responsibility of he who makes the error.

It may be argued that if service was received then it should be paid for.

- Enact legislation that sets uniform policy for:
 - refund of overpayments
 - reach back period for underpayments due to billing errors << DECIDE HOW LONG
 - no interest or penalties on any amount payable due to billing errors (but normal interest and penalties may be applied after the payable and payable schedule is established).
 - payment plan for payables due to billing errors over a period of time not greater than the period of billing errors.

Attachments: 08-19-2015 ORDINANCE XXX BILLING ERRORS.docx

Holly,

In reviewing the proposed ordinance, I am concerned by the timelines presented. Here is MRSC's summary of the existing law on over/under payment:

Billing Adjustments

In situations of leakage or other errors, if a customer is overcharged they are entitled to the amount overcharged plus interest on the amount collected in error. In our opinion, the statute of limitations applicable to refunding water service overpayments, whether due to a billing error, meter reading error, or a faulty water meter, is three years from discovery of the error by the customer or from when notified of the error by the city. If a claim for a refund is then made within that three-year period, it appears, based on Western Lumber. v. Aberdeen, 10 Wn. App. 325 (1973), that the entire overcharged amount is then owed. However, these matters should be discussed with legal counsel before a refund is calculated. If a utility discovers that it has been undercharging a customer, the utility can, and should, require the customer to render the amount of any underpayment. MRSC takes the position that the six-year statute of limitation for actions upon an account receivable in RCW 4.16.040(2) would apply to underpayment of a utility bill.

This is basically saying that there is a three year statute of limitations on refunds for overpayment, and if not otherwise set by ordinance, this would be the time period applied. If the discovery and claim are made within 3 years of the error, then the entire amount overcharged is due. If the city undercharges, then the statute of limitations is six years, unless otherwise established by ordinance. This ordinance limits the time the City can collect from a property owner to 2 years. Although it doesn't say specifically, it arguably applies in the case of fraud on the part of the property owner as well as unintentional error.

I also note that if a property owner intentionally defrauds the City, the City still is not able, under this ordinance, to collect penalties and interest.

I would think if you want a set time-frame on billing different than provided by statute, it might be good, for the sake of consistency, to have the same time frame for both to overpayment and underpayment. I would further set the time period at three years, simply to correlate with the statutory limitations on overpayment. Then the issue of whether the error was intentional or not becomes moot. (If it is 2 years, then there is a year period under the statute of limitations for fraud where the issue of whether the underpayment was fraudulent becomes relevant).

I have attached some suggested changes. The time frames are merely suggestions for the Council to consider, but the clarification that there is a start date for the time period for claims is necessary. I have suggested the start date be the date of receipt of written identification to or by the City. There also needs to be a start date for the 30 day period during which the City must pay a refund.

DO YOU KNOW KYOCERA? IF NOT, YOU SOON WILL!

Kyocera Corporation was founded in 1959 in Kyoto, Japan. Kyocera's founders shared a vision of creating a company dedicated to the successful manufacture and sale of innovative, high-quality products based on advanced materials and components. Over the past half century, this vision has resulted in a highly successful and widely diversified global enterprise.

Kyocera employs 70,000 people worldwide and more than 5,000 people in the United States, with its North American Headquarters located in San Diego, CA. Kyocera currently ranks number 11 on the Tokyo Stock Exchange with total stock value exceeding that of Canon, Ricoh, Sharp, Konica Minolta, and Toshiba. Total revenue in 2013 was \$14.1 billion.

THE NEW VALUE FRONTIER

"The New Value Frontier" reflects
Kyocera's commitment to continuously
creating new value at the cutting edge
of technology. The global Kyocera
Group develops unique technologies
and applies its vision to create valuable
products that the markets continually
seek

WHAT MAKES KYOCERA DIFFERENT?

From manufacturer to manufacturer every printer and MFP (multifunction printer) does the same thing. They put ink or toner on paper and help move documents electronically. However, by design, Kyocera printers and MFP's are different from the rest.

Kyocera's new ECOSYS and TASKalfa series of printers and MFP's have been engineered to use fewer parts and longer lasting consumables. The benefits to you are: less downtime, fewer user complaints, longer equipment life cycle, less waste, and a lower total cost of ownership.

WHY SOLUTIONS YES CHOSE TO PARTNER WITH KYOCERA

Many people wonder why we didn't choose to partner with Canon, Ricoh or Konica Minolta. Certainly those manufacturers have a more widely known name in the Pacific Northwest. However, through research we found that those "known entities" didn't have the back-end service and support that we felt both our local organization and the clients that choose to partner with us expect and deserve.

Kyocera is the only manufacturer to guarantee their equipment for 3 full years. If any part fails or needs replacement within the first 3 years, it is provided to Solutions YES for free by Kyocera. Competitive manufacturers typically guarantee their equipment anywhere from 30-90 days. After that time period, all original parts must be purchased at the dealers cost.

We think of Kyocera's guarantee as a 3-year "bumper-to-bumper" warranty on each of the new machines we install in the market. The guarantee helps keep our cost of servicing the equipment low which we, in turn, pass on to our clients in the form of lower service and maintenance rates.

Kyocera is also the only equipment manufacturer to produce machines that can be serviced on a preventative maintenance schedule. The service interval on all of our new Kyocera machines is 300,000 impressions. This allows us to schedule service calls in advance, similar to taking your car in to get its oil changed every 5,000 miles. All other dealers and manufacturers have to service their equipment on a reactive basis since the components in their machines have several different replacement intervals. They wait until you call in with an issue. We do our best to proactively service the equipment properly to avoid breakdowns.

Tired of paying \$0.06-0.08 or more per color copy or print? Especially when a majority of those documents only contain a small amount of color? Kyocera is the only manufacturer to offer color toner-based MFPs with the capability to measure the amount of color toner going on to each page and charge accordingly. Our clients who are printing documents with only a small amount of color are paying less than a penny a page!

It's the perfect partnership for a market that appreciates local service, support and flexibility. We're looking to build longlasting relationships with our clients by providing the best combination of technology and service.

3 Tier Color Pricing: How Solutions YES and Kyocera are Changing the Copier Industry One Color Print at a Time

Since the release of the first color copier in 1968, the printing industry has always charged a set amount for a color print regardless of whether that document was a full color photograph or just contained a small color graphic such as a company logo.

Over the years, as color technology has improved that cost per print has dramatically decreased. However, manufacturers have continued to charge a set amount per color impression regardless of the amount of color toner used on each printed page.

For example:

0.5% Color fill

3.6% Color fill

32% Color fill

Regardless of the amount of toner used, manufacturers have charged the same amount per color print or impression

Solutions YES and **Kyocera** are partnering with organizations to help reduce their color copying and printing costs without having to decrease their color volumes.

Here's how:

Kyocera is the only manufacturer who offers a toner-based color copier and printer line with the ability to measure the amount of color toner applied to each printed page. Based upon the amount of toner used, color prints are metered to a specific tier and cost structure.

Tier 3 - Creative Color (more than 3% color toner coverage)

Cost: \$0.07 per page

Typical documents include:

- -Photographs
- -Brochures

Examples:

6% Color fill

32% Color fill

Since **Kyocera** introduced their tiered pricing structure in 2012, we've found that on average 60% of our clients' color volumes fall into Tier 1, 20% into Tier 2, and 20% into Tier 3.

For the average organization producing 5,000 color prints per month and paying a competitive rate of \$0.06 per page, we are able to reduce their color printing costs from:

$5,000 \times 0.06$	= \$300	
To:		
Tier 1: 3,000 x 0.01	= \$ 30	
Tier 2: 1,000 x 0.04	= \$ 40	
Tier 3: 1,000 x 0.07	= \$ 70	
New Color Cost	= \$140	A Savings of \$160 per month!!!

Please feel free to contact me to discuss your organization's equipment, printing and document workflow needs!

Good Afternoon Holly,

It was a pleasure meeting you a couple weeks ago.

I apologize that it took me a little extra time to get these documents put together and over to you.

You should find two attachments. The first is a cancellation letter that needs a few pieces of information:

- 1) The serial number of the machine (which should be listed on an Abeco service invoice)
- 2) The current meter of the machine

The second document is our equipment support agreement. I went ahead and matched the current rate that you are receiving from Abeco. I went ahead and highlighted the areas that require signature/date. If you can scan and email me a signed copy that would be great.

re excited to be supporting you! If there's anything you need please don't hesitate to give me a call or send me an email. Thank you!

Terms & Conditions

- EQUIPMENT SUPPORT AGREEMENT ("ESA"): Solutions YES, LLC agrees to perform maintenance and make inspections, adjustments and repairs, and replace defective parts without additional charge to Customer, provided such calls are made during normal business hours. Solutions YES, LLC will furnish supplies, to be delivered at acceptable intervals and quantities in accordance with manufacturer's suggested yields. This ESA does not include paper, labels, staples, or transparencies. Solutions YES, LLC agrees to train customer in the use of the equipment at reasonable times. Title to all supplies furnished in connection with the ESA, including consumable parts such as drums, remains in Solutions YES, LLC until said supplies are consumed to the extent that they may not be further utilized in the copy making process. Toner consumption shall be within 10% of the manufacturer's suggested yields. A charge for toner consumption exceeding 10% of manufacturer's suggested yields will be charged at current retail price. In the event of customer default or cancellation, supplies and consumable parts shall be returned to Solutions YES, LLC on demand. Beyond the initial set-up and installation, any network or connectivity related service call, i.e. unable to print/scan or requests for additional desktops set up to print or scan, are considered chargeable calls at the current Solutions YES, LLC networking labor rates, unless it is determined to be a hardware related issue.
- EXCESSIVE DAMAGE: Damage to the equipment or its parts arising out of misuse, abuse, negligence or causes beyond the control of Solutions YES, LLC are not covered. Solutions YES, LLC may terminate this agreement in the event the equipment is modified, damaged, altered or serviced by personnel other than those employed by Solutions YES, LLC, or if parts, accessories, components or supplies not authorized by Solutions YES, LLC are fitted to or used in the equipment.
- EXCESS COPIES: Under the "ESA", the "Base Charge" is calculated on anticipated customer usage as stated in "Image Allowance" on the face of the Equipment Support Agreement. Image allowance copies are accumulated from the initial meter read. Should the allowance be exceeded prior to the expiration of any applicable billing cycle, customer agrees to pay the current excess copy charge for each copy in excess of the stated allowance. Invoices for excess copies will be tendered according to the "Overage Billing Cycle" and/or at the end of the initial term and shall be due and payable within 15 days. For agreements billed annually, upon exceeding the image allowance, customer may request that a new agreement be executed with the initial date of the term to coincide with the date that original image allowance is exceeded. Customer's option in this regard shall be void if all previously tendered invoices have not been paid.
- BUSINESS HOURS FOR SERVICE: Support services shall be provided hereunder only during Solutions YES, LLC's normal business hours, which shall consist of 8:00a.m. to 5:00p.m., Monday through Friday, exclusive of Solutions YES' holidays and are subject to change by Solution YES. At customer's request, Solutions YES, LLC may render support service outside of normal business hours, subject to availability of personnel, at established Solutions YES, LLC rates then in effect.
- AVAILABILITY OF SUPPLIES: Customer support engineers do not carry or deliver consumable supplies (toner, etc.). It is customer's responsibility to have the necessary supplies available for customer support engineer's use.
- RECONDITIONING: When a shop reconditioning is necessary, or the manufacturer's life expectancy of the equipment has been exceeded, and normal repairs and parts replacement cannot keep a unit in satisfactory operating condition, Solutions YES, LLC may refuse to renew this agreement, and/or refuse to continue providing support under this agreement, furnishing support only on a Per Call basis at Solutions Yes, LLC's current rates.
- CANCELLATION OF SERVICE: Cancellation at the conclusion of the initial term or any renewal term may be accomplished by either party by providing written notice of such cancellation no later than thirty (30) days prior to the expiration of the term then in effect. In addition, Solutions YES, LLC may cancel this agreement, in whole or in part, at any time upon seven (7) days written notice, or without notice in the thirty (30) days prior to renewal date. If customer at any time is in breach of any term or condition contained herein, Solutions YES, LLC may apply any refund due to the satisfaction of any past due invoices for any other products or services. Should this agreement be cancelled by customer, Solutions YES, LLC will not issue any refund.
- LATE CHARGES; INTEREST; SUSPENSION OF SERVICE: Customer agrees to pay all invoices tendered for services performed and/or parts installed on equipment when services are performed, according to invoice payment terms. If any payment due to Solutions YES, LLC hereunder is more than 10 days past due, customer agrees to pay a late charge equal to ten (10%), to cover Solutions YES, LLC's administrative costs occasioned by said late payment. Customer agrees that amounts not timely paid shall bear interest at the rate of 1.5% monthly (18% per annum) or at the maximum rate allowed by law, whichever is less. Without waiver of any other rights hereunder, Solutions YES, LLC shall have the right to discontinue service in the event customer becomes delinquent in payment.

- DAMAGES: In the event Customer is in default of an obligation under this agreement, and remains in default for seven (7) days after notice thereof, Solutions YES, LLC may cancel this agreement and collect damages according to the following formula. In such an event, Customer promises to pay Solutions YES, LLC the following amounts as liquidated damages (and not as a penalty): (a) During the first six months of the initial term, six times the average monthly charge; (b) At any time thereafter, amount owed at three times the monthly charge.
- RENEWAL: Unless otherwise terminated as set forth herein, this agreement shall be automatically renewed upon expiration of the initial term for successive renewal terms, at Solutions YES, LLC maintenance rates in effect at the time of application renewal. Annual increases may be incurred during the term of the contract.
- INSTALLATION: Certain equipment must be installed according to specific requirements in terms of space, electric, and environmental conditions. Installation requirements are defined in the equipment operator manual. Customer shall ensure that the equipment is placed in an area that conforms to these requirements.
- DISCLAIMER: Solutions YES, LLC expressly disclaims any duty as insurer of the equipment and customer shall pay for all costs of repair and parts or replacement of the equipment made necessary by, but not limited to, loss or damage through accident, abuse, misuse, theft, fire, water, casualty, natural forces or any then negligent act of customer or customer's agent and/or service performed by non-Solutions YES, LLC personnel. Solutions YES, LLC will not assume any liability for any conditions arising from electrical circuitry external to the equipment and equipment line cord, nor is any external electrical work covered under this agreement.
- CUSTOMER CHANGES: Any Customer changes, alterations, or attachments may require a change in the charges set forth herein. Solutions YES, LLC also reserves the right to terminate this agreement in the event it has been determined such changes, alterations, or attachments make it impractical for Solutions YES, LLC to continue to service the equipment.
- ATTORNEY'S FEES; COSTS: In the event customer defaults under this Equipment Support Agreement, or if any other dispute arises hereunder requiring Solutions YES, LLC to refer said matter to an attorney and/or to initiate, or defend, any court action in any way related to this agreement, customer agrees to pay Solutions YES, LLC reasonable attorney's fees and all costs resulting from such actions.
- WAIVER OF JURY TRIAL: Customer hereby waives trial by jury as to any and all issues out of, or in any way related to this ESA.
- NO WAIVER: Customer acknowledges and agrees that any delay or failure to enforce the rights hereunder by Solutions YES, LLC, does not constitute a waiver of such rights by Solutions YES, LLC or in any way prevent Solutions YES, LLC from enforcing such rights, or any other rights hereunder, at a later time.
- ENTIRE AGREEMENT: This ESA constitutes the entire agreement between Customer and Solutions YES, LLC related to the service and maintenance of the equipment, and any and all prior negotiations, agreements (oral or written), or understandings are hereby superseded.
- NO MODIFICATIONS OF TERMS: Customer expressly acknowledges and agrees that these terms and conditions may not be varied, modified, or changed except by written agreement executed by a corporate officer of Solutions YES, LLC. No sales or service personnel, including but not limited to managers or supervisors, has any authority to override this provision.
- NOTICE: Any notice or other communication given or required in connection with this Equipment Support Agreement, shall be in writing, and shall be given by certified or registered mail, postage prepaid, return receipt requested. If sent to Solutions YES, LLC, attn: CFO, 7409 SW Tech Center Dr., Suite 100, Portland, OR 97223, or such other address Solutions YES, LLC may hereafter designate in writing. If to Customer, the notice shall be sent to Customer at the address specified in the reverse side hereof, or such address which may be specified, by customer, in writing to Solutions YES, LLC.

B.	Issue/Topic: Weyerhaeuser Right of Way Timber Purchase
C.	Sponsor(s): 1. Cassinelli 2.
D.	Background (overview of why issue is before council): Weyerhaeuser Columbia Timberlands LLC (WCTL) is currently in the process of clearing right of ways and building roads for timber clearing scheduled in 2016.
E.	Discussion (specific details relevant to the issue, pros/cons, alternatives and any other decision-making details): 1. WCTL has offered two options to the city: a. Remove the timber ourselves or through a private party sale, b. Accept WCTL's offer to purchase the timber at fair market value, less the cos of extraction. 2. We are relying on WCTL to provide us with the fair market value of the ROW timber. 3. It has been suggested that this money should be earmarked for costs associated with Action items listed in the Source Water Plan, specifically to develop a forest management plan and finance the purchase of timber rights within the water shed.
F.	Impacts: 1. Fiscal: Total amount to be paid for timber is \$10,755.13. 2. Legal: This contract has been reviewed by Heather Reynolds. 3. Personnel: 4. Service/Delivery:

J.	Proposed Motion: 1. I motion to approve the Mayor to accept the offer from Weyerhaeuser Columbia Timberlands LLC to purchase 17 loads of merchantable right-of-way timber from the City of Ilwaco.

Timber Valuation:

Right-of-way Timber owned by the City of Illwaco

This valuation was conducted by Weyerhaeuser Columbia Timberlands, LLC (WCTL) for the purpose of purchasing 17 truckloads of right-of-way timber from the City of Illwaco that were severed during the utilization of easements rights under a Statutory Warranty Deed (AFN 88782, Vol. 8803, Pg. 707) between Weyerhaeuser Company and the Town of Illwaco on March 24, 1988. The net value of the timber includes the fair market value less the cost of timber extraction.

Fair Market Value (FMV)

- 17 truckloads of timber were identified by field staff.
- Loads were mixed softwood/hardwood and mixed saw-log, chip-n-saw and pulp.
- Given the variability, the average fair market value across all sorts was used.
- Average fair market value consists of the preferential pricing provided to Weyerhaeuser from our various wood delivery destinations.
- All valuations were completed in cunnits (CCF) which equals 100 cubic feet.
- Adjacent timber harvesting data shows an average truckload size of 9 CCF.

Break Out:

- 17 truckloads x 9 CCF/truckload = 153 CCF Total
- 153 CCF x \$171.03/CCF Avg. FMV = \$26,167.59
- Total FMV Appraisal of Timber = \$26,167.59

Cost of Timber Extraction

- The cost of timber falling, log processing, log loading and the prorated road cost share are known values.
- The prorated road cost share is based on the percentage of volume hauled on the road by each entity. In this case the prorated road cost share for the City of Illwaco is 8.13%.
- The cost of timber hauling utilized here is based on our contracted hourly rate with trucking contractors, the distance from wood delivery destinations and the current average diesel price per the Department of Energy.

Break Out:

- Timber Falling: \$19.60/CCF, \$19.60/CCF x 153 CCF = \$2,998.80
- Process and Load: \$33.00/CCF, \$33.00/CCF x 153 CCF = \$5,049.00
- Timber Hauling: \$23.49/CCF, \$24.49/CCF x 153 CCF = \$3,593.97
- Prorated Road Costs:

153 CCF City of Illwaco

- o Total cost: \$46,380.00 x 1881 CCF WCTL = \$3,770.69
- Total Cost of Extraction: \$15,412.46

Total Amount to be Paid for Timber

FMV \$26,167.59 - Ex. Cost \$15,412.46 = \$10,755.13

Dear Recipient,

Subject: Purchase of Right-of-Way Timber

Weyerhaeuser Columbia Timberlands LLC (WCTL) and City of Ilwaco previously negotiated an agreement in which WCTL will compensate the City of Ilwaco \$10,755.13 for the purchase of 17 loads of merchantable right-of-way timber. The timber was removed as a result of WCTL executing their right of easement per a statutory warranty deed (AFN 88782, Volume 8803, page 707) between Weyerhaeuser Company and Town of Ilwaco on March 24, 1988.

WCTL shall maintain the right-of-way to a reasonable road standard as directed by our existing Statutory Warranty Deed commitments, during and after log hauling. The check will be mailed once the terms are accepted or a electronic payment can be made if the City has ACH. If you have any questions and/or concerns regarding the information presented herein, please feel free to contact me at (360) 355-0333.

RE: timber purchase

Holly,

The city has no contractual responsibility to have WCTL remove the ROW. This is generally how we do things with other entities if we cut their timber for a road or anything else. The city can pay to have someone else cruise it and remove it if you wish however the costs associate with cruising and extracting 17 loads of timber through a private outfit would significantly outweigh what we are offering you for the timber. If you choose to go that route you would not be responsible for the extraction cost from us as we would not remove it at the point. The city would be responsible to remove it on their own and the costs associated with that option. You also have the option of not doing anything with it. Let me know what you decide. Feel free to call me for clarification.

Chance,

I have a question about the extraction costs. If the city were to have a cruise done on the timber that was removed from the ROW and we sold it to a private party, would we still be responsible for the extraction cost? Does the city have a contractual responsibility to have the ROW cleared for WCTL?

Holly,

I apologize for the wait. We finally got the information together. We were waiting for an adjacent harvest unit to be complete so that we could see actual deliverables from that unit and get better data to use for the appraisal. This is mainly due to an uptick in the market prices. Attached you will find the offer letter and a breakdown of how we came to the number we are offering. Let me know if you have any questions or your need any further explanation.

Hi Holly,

CITY OF ILWACO Source Water Plan Workshop

Thursday August 13, 2015

3:30 p.m.

A. Present

1. Mayor Cassinelli, Councilmember Chambreau and Marshall, City Clerk Holly Beller, Nadia Gardner of Columbia Land Trust and Garrett Phillips of CREST.

B. Discussion

- 1) Review the Source Water Plan action list to identify action items which qualify for DOH and DOE grant funding. Discuss how to use the Weyerhaeuser ROW income to leverage further grants.
 - 1. The City will look into the cost of having DNR work crews out to the water shed to clear clogged culverts and saplings which may have grown up into roads.
 - 2. The water department will draft an annual work plan which includes future culvert and road management.
 - 3. Funds from ROW timber sales may be earmarked to draft the forestry management plan. Nadia Gardner suggested Dan Stonington.
- 2) Review the 1987 Agreement and Weyerhaeuser's harvest plans and identify opportunities for the City to negotiate. Discuss options for purchasing additional land or timber within the watershed by contracting with a forester, and the best options for current timber holdings.
 - 1. The city attorney will draft a letter to be sent to Weyerhaeuser requesting the full three notice prior to logging the timber rights within our watershed in 2016, as indicated by WTCL foresters during the June water shed tour.
 - 2. Use the forestry management plan to leverage additional funds to purchase timber rights within the water shed.

1. Review Source Water Plan action items which qualify for DOH and DOE grant funding

The group reviewed Table 5 from the adopted SWCP. There was agreement that the City should take steps to implement the following actions as follows:

There was agreement that the City should implement action "1.1 Short Term Road Maintenance," by discussing a scope of work with WA DNR's work crews. The detailed recommendations are in the SWCP, and should be used as the basis for guiding the work. Garrett is available on an informal basis to provide some guidance to the City, or alternately can project manage, coordinate and oversee the work on a fee basis through CREST. A scope of work for CREST to manage this project is forthcoming.

There was agreement that the City should implement action "2.1 Complete a Forest Management Plan," in order to guide future decisions on acquisition, and forest and road management. There was agreement that the City should pursue funding from both DOH and DOE to complete the plan, understanding that DOE grant proposal work needs to be completed in Fall 2015 and the DOH timeline is unknown. A scope of work from Garrett and Nadia to complete grant proposal work is forthcoming.

2. Review the 1987 Agreement and Weyerhaeuser's harvest plans and identify opportunities for the City to negotiate.

There was agreement that the City should request that Weyerhaeuser honor the 1987 Agreement provision to provide a three year notice prior harvesting in the reserved timber areas with a note that the City is interested in pursuing the timber right acquisition within that timeframe. Holly and Mike are leading the effort to draft a letter to Weyerhaeuser to this effect. Nadia will complete research to confirm or correct the City's land ownership maps.

3. Discuss options for purchasing additional land or timber within the watershed by contacting with a forester, and the best options for current timber holdings.

There was agreement that the City should take actions to purchase additional land and timber rights in the watershed. Acquisitions should be informed by an understanding of the value of City owned timber immediately outside of the watershed as well as value from careful thinning within the watershed that could be used to purchase land and timber rights inside the watershed. Nadia will try to get a forester to take an informal look/valuation at the timber outside the watershed. Acquisitions should also be informed by overall land management goals. When the City completes a Forest Management Plan, the scope of work should include time and resources for facilitated visioning and goal setting.

4. Discuss how to use the Weyerhaeuser ROW income to leverage future grants.

There was agreement that the anticipated 2015 ROW income should be set aside to leverage grants and loans for source water protection, and that establishing a restricted source water protection fund might be an appropriate mechanism to accomplish this.

REAL ESTATE CONTRACT

Between the Town of Ilwaco, a Washington muncipal corporation ("Ilwaco"), and Weyerhaeuser Company, a Washington corporation ("Weyerhaeuser"), dated March 20, 1986.

BACKGROUND:

Based on recommendations of its consultant, American Engineering Associates, and other information, Ilwaco has determined that it needs to acquire certain timberlands in the Indian Creek drainage for municipal watershed purposes. Ilwaco is authorized and prepared to acquire the needed property by condemnation if necessary. Weyerhaeuser owns portions of the property. Wishing to avoid the expense and delays of condemnation, Ilwaco and Weyerhaeuser agree to the following transaction.

AGREEMENTS:

- 1. Weyerhaeuser will convey to Iwaco the following real property lying approximately as shown on the wap a cached as Exhibit A:
 - (a) "Parcel 1," containing approximately 133 acres, and consisting of the following portions of Section 28, Township 10 North, Range 10 West (W.M.), Pacific County, Washington:
 - (1) the North one half of the Southwest one quarter; and
 - (2) that portion of the Northwest one quarter lying South of the North boundary of a new county road right of way, to be sixty feet in width and located as close as practicable to the ridge line extending Northwesterly from the existing county road, and South of the South side of Weyerhaeuser logging road No. 1620 extending Southeasterly from the existing county road.
 - (b) "Parcel 2," containing approximately 327 acres, and consisting of the following portions of Township 10 North, Range 10 West (W.M.):
 - (1) In Section 28, that portion of the East one half lying South of the South side of Weyerhaeuser's existing logging road No. 1620;
 - (2) In Section 27, that portion of the Southeast one quarter lying South and West of the Southwest side of Weyerhaeuser's existing logging road No. 1620;

Mineral Reservation

Grantor hereby expressly saves, excepts and reserves out of the grant hereby made, unto itself, its successors and assigns, forever, all geothermal steam and heat and all metals, ores and minerals of any not previously reserved, full not limited to, coal, lignite, peat, oil and gas, including coal seam gas, together with the right to enter upon said lands for the purpose of exploring the same for such geothermal resources, metals, ores and minerals, and drilling, opening, developing and working mines and wells thereon and taking out and removing therefrom, including by surface mining methods, all such geothermal resources, metals, ores and minerals, and to occupy and make use of so much of the surface of said land as may be reasonable, necessary for said purpose; provided, that Grantee and Grantee's heirs, representatives, successors and assigns, shall be paid just and reasonable compensation for any injury or damage to the surface of said land, to the crops or to the improvements thereon caused by the exercise of any rights herein reserved, provided, further, that the exercise of such rights by Grantor shall not be postponed or delayed pending reasonable efforts to agree upon or have determined such just and reasonable compensation.

EXHIBIT D

Timber Reservations and Timber Management Covenants

The following reservations and covenants are to be included in the deed from Weyerhaeuser Company to the town of Ilwaco, with respect to "Parcel 2":

- "1. Weyerhaeuser to itself, successors and assigns reserves the right to harvest the currently merchantable stand of timber designated on the attached map as Unit 644, containing approximately 120 acres, in the Northwest quarter of Section 28, until five years from recording of this conveyance. A portion of this timber is covered by the Indian Creek No. 1 timber cutting contract between Weyerhaeuser and M. Nygaard Logging Company, currently scheduled to expire March 31, 1987. Weyerhaeuser agrees to release the portion of Unit 644 covered by that contract promptly on its completion, if the timber has then been removed.
- "2. Weyerhaeuser for itself, successors and assigns reserves the right to harvest the existing stands of timber designated on the attached map as Unit 626, containing approximately 59 acres, in the Southwest quarter of Section 27, and Units 579 and 761, containing approximately 102 acres and 14 acres respectively, in the East one half of Section 33, until 40 years from recording of this conveyance.
- of the rights hereby reserved, except Unit 644 currently scheduled for harvest in 1986 and 1987. If Weyerhaeuser gives notice of intent to harvest but is unable to obtain necessary regulatory permits to do so, it may elect either to extend the timber reservation until it is able to remove the reserved timber or to sell such timber to Ilwaco at its then current market value, disregarding any adverse effects on market value attributable to its location within a municipal watershed or unavailability of harvest permits.
- "4. Weyerhaeuser will release its rights under these timber reservations and timber management covenants as to each unit or portion of a unit on completion of harvest.
- "5. Weyerhaeuser will be responsible for any post-harvest slash disposal and reforestation to the extent necessary to meet normal regulatory requirements for comparable timberlands outside municipal watersheds. Weyerhaeuser will indemnify Ilwaco against any penalties and other costs imposed by regulatory

City of Tacoma Environmental Services

Conservation Loan Program Residential Fact

The City of Tacoma offers low-interest loans with terms up to 10 years for sewer and stormwater conservation projects.

Eligibility

- Project location must be within the boundaries of the City of Tacoma.
- Project must meet Environmental Services Conservation Loan Program eligibility requirements.
- Loans are available for existing residential properties. New construction is not eligible.
- The applicant must have a good credit history with Tacoma Public Utilities.
 A current credit report with score is required.

How the Process Works

- Estimate the cost of the project with the help of a licensed contractor. It is best to get at least two or three bids.
- Complete and return the application form with other requested documents.
- Environmental Services evaluates the application and the applicant's credit history. The applicant is usually notified within two to three business days if the application is accepted.
- The project is completed and a final invoice submitted.
- Loan documents are prepared for signature.
- The loan is closed and payment is issued.

Please note: You must apply <u>before</u> the project is completed. Loan disbursement will not take place until project completion is verified by Environmental Services.

Loan Security and Fees

- Loans may be made for up to 90% of the estimated project cost.
- Loans must be secured by a sufficient security interest (lien) in the project property.
- A \$135 fee is charged when the loan closes, to cover the cost of filing and releasing the lien.
- The rate of interest is 2% below the Prime rate published on the date the loan agreement is signed, with a minimum rate of 4%.
- The minimum residential loan amount is \$1,000 and the maximum is \$10,000.
 Multi-family properties must apply for a commercial loan if the project cost is greater than \$10,000.

Contacts

If you have questions about the loan requirements, or need assistance with the application form, please contact:
